## What is MCE?

- **NGO/ NPO to organize workcamps and other voluntary projects in Mongolia**
- **Full member of NVDA (Network for Voluntary Development in Asia)**
- **Partner of ALLIANCE, SCI**

### **1) Brief History**

**When:** MCE was established on January 11<sup>th</sup>, 2001 by an individual who had participated in the 3<sup>rd</sup> Training & Networking Workcamp of NVDA in Vietnam.

**Why:** Before 2000, there were no workcamp organizations or international voluntary service in Mongolia. However, there was much need for international voluntary projects to improve a Mongolian society. Through practical work projects, MCE hopes to encourage public awareness of Mongolia's social problems and promote local actions.

### **2) Aims**

#### **a) To create/ develop/ revive ecological, self sufficient and warm-hearted civilization.**

We promote exciting voluntary actions by fresh ideas and mobility as a youth NPO, to shift the world with too much competition and expansion into more healthy one for both nature and people.

#### **b) To encourage activities of NGO/NPOs and activation of local communities**

We create opportunities to meet new people and to start new actions by involving many locals. We make bridges between isolated NPOs and local people, and invite youth to depopulated areas.

#### **c) To promote global friendship, understanding and solidarity**

We grow exchange naturally among world youth and local people through living, working, talking and laughing together. They can improve global views/ sensitivity and language/ planning skills.

### **3) Activities**

- a) To organize international workcamps in Mongolia with local partners and people
- b) To send volunteers from Mongolia to workcamps
- c) To develop various networks of NGO/NPOs
- d) Promotion of NVDA common actions in the national and international level

### **4) workCamps & volunteers**

In **2015**: 22 projects- 266 International vols & 24 Mongolian vols

In **2016**: 20 projects- 251 International vols & 15 Mongolian vols

In **2017**: 20 projects- 268 International vols & 23 Mongolian vols

In **2018**: 22 projects- 283 International vols & 19 Mongolian vols

In 2019: 22 projects- 272 International vols & 26 Mongolian vols

## 5) Finance

- a) We don't have any support from Mongolian Government and other International organizations. Running cost of MCE (staffs, offices, transportation, communication etc.) is managed by the participation fees of volunteers who join workCamps in Mongolia.
- b) Project cost (food, accommodation, transportation etc.) of international workcamps in Mongolia is prepared by the fees from volunteers too.

**Mongolian workCamps Exchange is always looking for good relations between youth organizations in the international and regional level**

# International workcamps by MCE

## 1) Introduction

We welcome you to join our workcamps, **sharing happy time and creating fresh new age together!** All campsites have nice nature, **blue sky** and warm people, so you will discover **nomadic life & culture** of Mongolia.

**The common points of all workcamps are such as follows;**

- a) Age limit** : From **18** (No maximum)
- b) Language** : **English** (Mongolian is not necessary, but we welcome your trying!)
- c) Insurance** : Vols should have their own insurance before arrive to the workcamp.
- d) Accommodations:** Mostly, we use GER (Mongolian traditional tent) or Summer cottage.  
For all the projects in Ulaanbaatar volunteers will stay at apartment.  
There're kitchen and toilet. For the all workcamps in Mongolia volunteers need to bring Sleeping bag.
- e) Study Part** : All workcamps have it to learn, discuss and plan better local/ global future!

## 2) How to apply and join the projects!?

### A: Applying through the partners!!

Volunteers have to apply **not directly to us, but through our partner Workcamp Organizations (WOs)** of their own countries **unless you live in Mongolia or in countries that have no partners.**  
In this exceptional case, they need to send the application form to MCE.

### B: How much should volunteers pay?

Volunteers have to pay the **travel cost** to/ from workcamps & the following **registration & participation fee** to partners & to MCE.

- a)** Partner WO's charging some registration fee from sending volunteers : **This depends of each partner \***
- b)** Participation fee to MCE  
(2 weeks project) : **250 USD** per a workcamp (or equivalent of MNT or Euro)

**For all the workcamps in Mongolia, we will manage pick up service by request of volunteers from/to airport or train station.**

**Also we will provide free transportation to/from workcamp site for the first and last day of the workcamp.**

\* Most of Asian/ European/ North American partners are

### C: The detailed information of the project

By **1-2 months before** the projects, volunteers will receive "**Information Sheets**" (details of the project, what to bring, the meeting point, how to get there, etc.) together with "**Acceptance Letter**" and "**MCE Volunteers' Guide**", through the partner organizations.

### D: Book the flights as soon as being accepted!

**Don't wait** for the Information Sheets, otherwise you may miss economical flights!

Workcamps start **in the morning of the first day**. And they finish **in the afternoon of the last day**.

So, we advise volunteers to arrive / leave Mongolia **at least a day before/ after** the projects because volunteers should not expect so much sightseeing during the projects.

(if you want to do it, please do it before/ after the workcamps!)

And it is **possible to stay in the cheap guest houses** (around 10\$ per night) together with volunteers in the same workcamp before/ after the workcamps! (For the details, please wait for the info.sheets!)

#### **MCE/NICE-02 Greening Mongolia (Ulaanbaatar and Buhug river) 26/Apr-09/May ENVI Vol-18**

Organized together with NICE (Never-ending International workCamps Exchange) and supported by Greening Asia fund since 2002. The forests problem is serious also in Mongolia. Before 1990, the forests are covered **10%** of land, but **7% today**. It's caused by cutting trees without any controls, forest fire and global warming. Other side it takes a long time to grow trees in Mongolia and May and middle of October is the only seasons to plant trees in Mongolia.

**W:** We will **plant trees** in Mongolian workCamps Exchange's camp and some other places.

This is the only season in Mongolia to plant trees. There are increasing activities by some organizations to plant trees but it takes a hundred or more years to be grown, so we should also join this movement by global power! Part of **Greening Asia**

**S:** Any good experiences for tree planting and the future plan of international workcamps in Mongolia and Greening Asia. **Bring** some info.

**P:** Cultural exchange program, excursions, etc.

**A:** GER (Mongolian traditional tent) or house. **Very warm sleeping bag!** CV? Shower is available for all the time

**L:** Ulaanbaatar. One third of population in the country (3,1 millions) live in this capital city. The temperature will be about 10-20 C, But be careful sometimes weather will be changed

lot. Sunny, sometimes rainy and windy. Buhug river is located 45 km far from Ulaanbaatar.

**T:** Ulaanbaatar, Chinggis Khaan International airport or International train station of Ulaanbaatar

**Q:** To like planting work and simple nomadic life. Mongolian speakers are welcome!

**X:** The additional fee of 250 USD (or equivalent amount of MNT or Euro by current rate of Mongolian bank) should be paid on your arrival directly.

#### **MCE/03 Eco farm planting (Buhug) 19/May-01/Jun AGRI/ENVI Vol-15**

Since 2000, volunteers from all over the world have been participating in summer programs designed to improve the vegetable farm. During the last years we focused to improve more for the facilities of locals/ volunteers but not farming method and way. So when we look back in this moment our way to do farming and cultivating is not really productive and eco friendly. Even other farmers who doing same work around us are same. Local people work very hard for half summer but in autumn they got very small harvest compare to their hard work. So since this year we going to develop our farm more as a training center of eco farming for the local people. Local people could learn in our center basic but very important ecological farming methods and know-how. We wish to achieve to get biggest amount of harvest, using smallest amount land. Volunteers will work in eco vegetable farm and develop eco farming training center. Vegetables from the eco farm will be donated to the low income (poor) local families.

**W:** Main works are **planting vegetables such as potato, carrot, radish etc at the eco farming camp. Also making water canal for farm, making compost etc.** Quite tiring but let's enjoy it.

**S:** Eco farming methods/know how of other countries. The future plan of international workcamps etc.

**P:** Cultural exchange program, excursions, etc.

**A:** Summer house or Mongolian traditional tents which is GER (traditional tent). SB! CV with a local staff.

**L:** 45 km from Ulaanbaatar. Place name is "BUHUG". The sight is just unbelievably beautiful, typical Mongolian plain.

**T:** Ulaanbaatar, Chinggis Khaan International airport or International train station of Ulaanbaatar

**Q:** To like farming/physical works and be flexible/ adaptable. Mongolian speakers are welcome!

**X:** The additional fee of **250 USD** (or equivalent amount of MNT or Euro by current rate of Mongolian bank) should be paid on your arrival directly.

#### **MCE/04 Green heart (Buhug) 01/Jun-14/Jun CONS Vol-15**

Since 2001 we started build Base Camp site of MCE to promote International Voluntary service in Mongolia. In our base camp we grow our own vegetables and donate those vegetables to the low income families in sub burb of Ulaanbaatar. Also we help to the vegetable farm of the Orphanage center who is our neighbor. During the last years we build there houses, planted trees and build toilet etc for the International volunteers. This year we planning to continue our work to develop workcamp site. So volunteers will work Construction of Camp. Most probably painting houses and do some other small construction work.

**W:** We will work on construction/painting of summer camp site. Also some other repair work in side of volunteers house. Anyway please be ready for any type of construction or some agricultural work

**S:** The information and KNOW HOW for how to improve Camp condition. **Bring** some info

**P:** Cultural exchange program, excursions, etc.

**A:** Summer house or GER (Mongolian traditional tent). CV?

**L:** Ulaanbaatar. One third of population in the country (3 millions) live in this capital city.

The temperature will be about 15-25 C, But be careful sometimes weather will be changed lot. Sunny, sometimes rainy and windy

Camp site is located 40 km far from Ulaanbaatar. Beautiful hilly area and real nomadic life

**T:** Ulaanbaatar, Chinggis Khaan International airport or International train station of Ulaanbaatar

**Q:** To like construction work and simple nomadic life. Mongolian speakers are welcome!

**X:** The additional fee of **250 USD** (or equivalent amount of MNT or Euro by current rate of Mongolian bank) should be paid on your arrival directly.

#### **MCE/05 Orphanage's & Eco farming-1 (Buhug river) 14/Jun-27/Jun AGRI/KIDS Vol-20**

Since 2000, volunteers from all over the world have been participating in summer programs designed to help/improve the vegetable farm of Childcare Center of Mongolia (Orphanage). But last 4 years orphanage decided to not continue their farming work because of lack of human resource and availability of land for farming. Since 2017 our organization managed to rent farming land for the Orphanage and they started their farming work on this land again. So our cooperation will start again on their farm since 2018. So one of international volunteers work will be helping for farming of the orphanage.

Same time we do run small eco farm in same area to improve the method of eco friendly farm and help to poor families trough our work. During the last years we focused to improve more for the facilities of locals/ volunteers but not farming method and way. So when we look back in this moment our way to do farming and cultivating is not really productive and eco friendly. Even other farmers who doing same work around us are same. #### **MCE/07 Orphanage's & Eco farming-3 (Buhug river) 10/Jul-23/Jul AGRI/KIDS Vol-20**

Since 2000, volunteers from all over the world have been participating in summer programs designed to help/improve the vegetable farm of Childcare Center of Mongolia (Orphanage). But last 4 years orphanage decided to not continue their farming work because of lack of human resource and availability of land for farming. Since 2017 our organization managed to rent farming land for the Orphanage and they started their farming work on this land again. So our cooperation will start again on their farm since 2018. So one of international volunteers work will be helping for farming of the orphanage.

Same time we do run small eco farm in same area to improve the method of eco friendly farm and help to poor families trough our work. During the last years we focused to improve more for the facilities of locals/ volunteers but not farming method and way. So when we look back in this moment our way to do farming and cultivating is not really productive and eco friendly. Even other farmers who doing same work around us are same. Local people work very hard for hall summer but in autumn they got very small harvest compare to their hard work. So since this year we going to develop our farm more as a training farm of eco farming for the local people. Local people could learn at our farm basic but very important ecological farming methods and know/how. We wish to achieve to get biggest amount of harvest, using smallest amount land. Volunteers will work in eco vegetable farm and develop eco farming training farm. Vegetables from the eco farm will be donated to the low income (poor) local families.

**W:** Main works are **helping at orphanage's and eco farm trough our work such as remove the weeds in the field, working in green house, making water canal for farm, making compost etc.** Quite tiring but let's enjoy it.

**S:** Eco farming methods/know how of other countries. The future plan of international workcamps etc.

**P:** Cultural exchange program, excursions, etc.

**A:** Summer house and Mongolian traditional tents which is GER (traditional tent). SB! CV with a local staff.

**L:** 45 km from Ulaanbaatar. Place name is "BUHUG". The sight is just unbelievably beautiful, typical Mongolian plain.

**T:** Ulaanbaatar, Chinggis Khaan International airport or International train station of Ulaanbaatar

**Q:** To like farming/physical works and be flexible/ adaptable. Mongolian speakers are welcome!

**X:** The additional fee of **250 USD** (or equivalent amount of MNT or Euro by current rate of Mongolian bank) should be paid on your arrival directly.

## MCE/08 Kids Camp-1 18/Jul-31/Jul KIDS/CULT Vol-15

Before 1990, Mongolia had many kids summer camps where the kids live/learn in the nature during their summer holiday. Staying in city during the summer time is very boring for the kids. Recently due to the financial situation it became difficult to run summer camp. Now only few kids summer camps are still running their activity. Last few years we run the kids camp workcamp at the one of the kids camp at Khangait. Our workcamp there were successful and volunteers will help to run summer camp. Volunteers organize many kind of activity with kids and help to take care kids etc.

**W:** We will organize English lesson and many kind of cultural and sport activity with kids. Also we will do some construction work to improve the kids camp.

**S:** The future plan of international workcamps in Mongolia and the kid's summer camp

**P:** Cultural exchange program, excursions, etc.

**A:** Summer camp house. SB! CV

**L:** 40 km far from Ulaanbaatar, Place name is Khadgait. Beautiful mountain area and green steppe area.

**T:** Ulaanbaatar, Chinggis Khaan International airport or International train station of Ulaanbaatar

**Q:** Special skills working with kids are not necessary, but still welcome. To **like kids** and be **flexible/adaptable**. Mongolian speakers are welcome!

**X:** The additional fee of **250 USD** (or equivalent amount of MNT or Euro by current rate of Mongolian bank) should be paid on your arrival directly.
