	<p>wish to establish a running trail with several obstacles and natural parkour areas along with it. They would also like to build a trail centre – a simple structure where people can meet, find shelter, share information, wash their equipment and have a barbecue or cup of coffee.</p> <p>For hosting you on this camp Præstø Outdoor are collaborating with Bosei Folkhigschool, which is placed inside Faksinge Forest and is the home of approx. 70 students, mainly aged 20-30, who are interested in sports, Japanese culture and personal development. THE PROJECT

The work camp project goal is for the work camp volunteers to join our MS community of volunteers, doing the same tasks together to create cooperation and solidarity, while maintaining the smooth operation of the volunteer base and creating a better social environment through various social events at the campsite.

<p>WORK</p>	<p>The purpose of the work is to maintain the volunteer camping area, so the volunteers that stay there are able to have the best experience as possible. The tasks will involve patrolling around the camp together with other volunteers, checking peoples wristbands at the entrance of the camp and helping the supervisors facilitate and create fun social events every day at the camp.</p> <p>The working hours will consist of around 8-hour working shifts for patrolling duty. These are divided by 3 shifts a night. One in the morning, one in the evening and one in the night. Each volunteer has to do at least 4 (one of them has to be a night shift and one has to be during the music days).</p> <p>The shifts for working with the supervisor to make events might start in the morning, and will involve discussion, practical manual work in setting it up and facilitating it and should not take longer than 8 hours also. The frequency of these is yet to be decided. But should be expected to have at least 2 or 3 work camp participants helping the supervisor every day.</p>
<p>ACCOMMODATION AND FOOD</p>	<p>Sleeping facilities: Tents and sleeping bags (It will be attempted to reserve a space so that all Work Camp volunteers are able to stay at the same place. The supervisors will also be staying there). As of now, it might be necessary to bring your own tent and sleeping bag. In the near future, we might update the information if we are able to get some tents set up before arrival from what we have currently. SLEEPING BAGS ARE STILL A NECESSITY!</p> <p>Kitchen + bathroom facilities: There will be a possibility to cook some food, at the volunteer camp base (something basic). After every shift, the volunteer is given food tickets, that can be used anywhere in the festival. (It is one ticket per shift). It is possible to buy some food in the town of Roskilde (It should take no longer than 20 minutes to get to a store).</p> <p>There will be camping showers available at the volunteer camping similar to these ones:</p>

	<p>In term of Laundry, it is possible to do this at the festival, as the festival offers laundry services very close to the volunteer camping for a price (Around 50 DKK per wash).</p>
<p>LOCATION AND LEISURE</p>	<p>The whole town of Roskilde will be consumed by the festival. During Leisure time, when not on shift the volunteers are welcome to join the music that will be taking place on various stages. There are many bands coming and it can be seen here: https://www.roskilde-festival.dk/en/line-up/</p> <p>In terms of exploring the town or local area, there are a few attractions and could be seen here: https://www.visitroskilde.com/</p>
<p>REMARKS (other information)</p>	<p>The festival is the biggest one in Denmark and this will be the 75th anniversary so expect something special. It is generally surrounded by good vibes and amazing people. And all of your participation and help also supports us, as we get more budget for the various projects around the world.</p> <p>The work is generally placed outdoors. The weather in Denmark is unpredictable even though the festival is taking place during the summer, it might be important to bring a waterproof coat, some sweaters for the evening. But also some shorts and flip flops because if the heatwave hits like a few years ago, it will be extremely warm.</p> <p>The language that will be spoken throughout the work will be English therefore it is mandatory that all participants speak it. Please do not be intimidated that some of your fellow volunteers may not be able to or are too shy to start speaking in English. Everyone is generally nice and are able to speak English.</p> <p>Previous experience is not needed, as you will be instructed fully on what the work consists of. It is not hard work but could be seen as slow sometimes. Concerning the events, it might be a plus if you have some experience in facilitating and creating events.</p>
<p>TTERMINAL</p>	<p>Nearest airport: Copenhagen Airport</p>

	<p>Nearest train station: Roskilde Station</p> <p>If you arrive at Copenhagen Airport, then you can take a regional train to Copenhagen Central Station. From there, you can take a regional train to Roskilde station. It will take around an hour.</p> <p>Tickets: You can search for train and bus time schedules here: www.rejseplanen.dk You can book train tickets here: http://www.dsb.dk/en/#open</p> <p>Meeting point and Time: We will meet at the volunteer camp at 14:00 on the 25th of June.</p>

DATES	<p>Days in total:</p> <p>Arrival: Date: 29.06.2020 Time: 07.00</p> <p>Departure: Date: 29.07.2020 Time: 08.00</p>
AGE GROUP	20 - 40
NUMBER OF VOLUNTEERS	14
VOLUNTEERS WITH DISABILITIES	We want everybody to feel welcome to join our Work Camp, and that also includes volunteers with disabilities. But we also want to inform you that there might be hills and staircases to/from where you are going to live.
LOCATION	Qeqertarsuaq, Greenland
ORGANISATION	<p>The Danish NGO ‘Greenlandic Children’ has been making projects for children and youth in Greenland since 1924. We have been doing work camps every summer since 2014.</p> <p>Association Greenland Children is cooperating with the local community in the town of Qeqertarsuaq. Qeqertarsuaq is situated on the huge Disko Island just west of the very famous Ilulissat.</p>

	<p>Qeqertarsuaq is a small town located on the west coast of Greenland with 841 inhabitants. 207 of these are children at the age of 0 to 18 years. Despite the size of the town, Qeqertarsuaq is in many ways a well-equipped town with a supermarket, a school, a kinder garden, a church etc. However, in many ways, Qeqertarsuaq is also a very remote place.</p> <p>In 2020 you can only get to Qeqertarsuaq by boat or helicopter. It is quite expensive to go to Qeqertarsuaq. The municipality of Qeqertarsuaq do not get a lot of worldly inspiration, and children are bored and under-stimulated during summertime where the school and the gym are closed.</p>
<p>WORK</p>	<p>Association for Greenlandic Children wants Camp Q to give the inhabitants a fantastic, creative, active, interesting summer. The activities will take place five days a week 12.00-17.00, and will fall into these categories:</p> <ul style="list-style-type: none"> - Music - Dance - Singing - Games - Sports - Excursions <p>The volunteers will decide which activities to offer during the camp.</p> <p>We will invite the entire population to a social event every Saturday. This could be a night of music and dancing, teaching each other to play an instrument, cooking food from your home country, movie night etc.</p>
<p>ACCOMMODATION AND FOOD</p>	<p>Sleeping facilities:</p> <p>The Association for Greenlandic Children ensures that you will get a place to stay. We expect you to stay in a shared bedroom with other volunteers of the same sex. Telephone coverage might be scarcely, and you might not be able to use the internet more than once a week for a very short time.</p> <p>Kitchen + bathroom facilities:</p> <p>All food will have to be transported by ship. Therefore you should be able to adapt to these local conditions or bring a small stock of goods yourself. It can be difficult to be vegetarian or</p>

	<p>vegan since many meals in Greenland is based on meat and fish. Therefore you will have to bring some stuff yourself if you need a special diet.</p> <p>We will make cooking and cleaning teams. The group is responsible for shopping, cooking, cleaning etc. which is also going to take up some of your time every day. So, you should expect long days.</p>
<p>LOCATION AND LEISURE</p>	<p>The nature in Greenland is in general amazing. In Qeqertarsuaq the area is lush and green, and the weather should be sunny and nice. You can hike, go boat riding etc. in your leisure time. Hiking in the fells is an amazing and unique experience. You can decide to organize a weekly leisure activity going hiking, fishing etc. on Sundays, which is your weekly day off.</p> <p>Hopefully, the gym will be accessible to us around the clock. It will also be possible to play football or other sports with the community.</p>
<p>REMARKS (other information)</p>	<p>We will all meet in Copenhagen Airport and travel to Greenland together.</p> <p>As it is not possible for yourself to buy tickets to Greenland due to few departure days, you will have to do it through MS Denmark. Since the price is very high we substitute volunteer according to the schedule below:</p> <p>4500 DKK: Outside Europe 6500 DKK: Europe (Russia incl.) 8500 DKK: Nordic Countries: (Denmark, Sweden, Norway)</p> <p>English, as a conversational level is necessary. You will be working with kids five-seven hours a day, so you should find joy in spending time with children and know how to be patient with them. Most of the children do not understand English so you should be open to other ways of communicating.</p> <p>English will also be the only language spoken. All participants must be willing to speak English, even though being from the same country or having troubles with the English language. Try your best!</p>

	<p>You should be fit and an active person, to keep up with the children for so many hours - otherwise this camp can be tough. We expect you to participate in all kinds of activities, both creative and sports.</p> <p>Vegetarian food is available, but it can be difficult to obtain the necessary protein, especially if you do not eat fish. Therefore we recommend, that you bring some extra protein and snacks. We do have access to vegetables, that is mostly frozen and other canned food products.</p> <p>As you will be working with children, you will have to provide a copy of your clean criminal record. We will also need a copy of your travel insurance.</p>
<p>TTERMINAL</p>	<p>!!! DO NOT BUY PLANE TICKETS TO COPENHAGEN, DENMARK BEFORE GLOBAL CONTACT ALLOWS IT !!! Otherwise, we cannot be responsible for the tickets if cancelled. But do not worry – we are almost 100% sure that the camp will take place! Invite your friends and it will happen!</p> <p>Greenlandic Children will be responsible for buying your tickets from Copenhagen to Qeqertarsuaq and back. You will have to buy your own ticket to/from Copenhagen. You will also have to pay for your stay in Copenhagen. Maybe it will be necessary to spend one night in Copenhagen before travelling to Greenland, to make sure that you do not arrive too late to meet the group at the airport. We also recommend that you arrive a few days before leaving for Greenland so that you can see Copenhagen and meet your fellow participants.</p> <p>We will fly directly from Copenhagen to Kangerlussuaq in Greenland. We will stay in Kangerlussuaq from the 29th of June until the 2nd of July.</p> <p>Kangerlussuaq is known as Arctic Dessert area and is very very different from Qeqertarsuaq.</p> <p>We will stay at the Old Camp Hostel in Kangerlussuaq. In Kangerlussuaq we will get to know each other and do a lot of planning of the camp activities. You will also get the first sight of the Inland Ice when we go on an excursion to the Russel Glacier.</p>

	<p>On the 2nd of July, we will fly to Aasiaat, and from there we will go to Qeqertarsuaq by boat.</p> <p>When we depart Qeqertarsuaq, Greenland and fly to Denmark, the flight can be delayed due to bad weather. Therefore, we recommend that you should plan to stay two extra nights in Copenhagen before leaving on your flight home, in case we get stuck in Greenland.</p> <p>Meeting point and Time: Copenhagen Airport on the 29th of June around 07.00.</p> <p>Tickets: You can search for train and bus time schedules here: www.journeyplanner.dk / rejseplanen.dk</p> <p>Your flight from Greenland will land in Copenhagen Airport on the 28th of July around 08.00. LOCATION	Kaarsbergvej 2 8400 Ebeltoft Denmark
ORGANISATION	<p>We are creating a festival for 600 festival guest lasting six full days. The festival concept is: build your own festival. Our goal is to enhance learning, craft skills, cultural exchange and make a movement around co-creation. Our goal is to create a sustainable festival with a focus on zero waste and to plant trees (last year we raised 3.000 euros for tree planting.</p> <p>At the festival, people can choose to build their own projects or join projects. We provide free tools and recycled building</p>

	<p>materials for everyone. Even though we focus on the building aspect, the festival is so much more, featuring live bands and DJ's every night and workshops during the day. It is a co-creation festival, everyone helps to create the experience.</p> <p>The festival is only a small project part of a much greater project and vision. The large project called</p> <p>“Grobund” (meaning fertile soil) includes 160 people who have crowdfunded money to buy a large factory and 10 hectares of land, with the ambition of making a new off-grid tiny house eco-village and share factory facilities for green start-ups companies. The workcamp is organized by Noa Skovdal and Tore Muurholm Dahl.</p> <p>The building festival: PLEASE SEE: www.byggefest.dk Grobund community: www.grobund.org</p>
<p>WORK</p>	<p>The aim of the workcamp is to help create the best possible building festival.</p> <p>Week 1: The week starts with two introduction days followed by a day of helping out at a wedding party on Friday 3rd July. It is two of our friends who are getting married, so fancy clothes are not expected. This week we will be setting up the festival by sorting wood, moving stuff around and making signs and decoration for the festival.</p> <p>You will also be working in the building area, bar, outdoor kitchen, dishwashing area, toilets sleeping area and the music stage.</p> <p>This week we take shifts in cooking for each other.</p> <p>Week 2: In this week, we are hosting the festival. Shifts include: ”check-in zone”, ”kitchen”, ”kids zone” and “tool shop.” We also need one or two volunteers to work with taking photos, videos and making Social Media posts. Note that all festival guests are also assigned to minimum one volunteer shift (bar shifts, kitchen shifts, toilet maintenance and cleaning shifts), as the concept is a co-creating festival.</p> <p>Week 3: In this week, we are taking the festival apart, save stuff for next years festival and cleaning up the festival area. Further,</p>

	<p>we are making evaluations on the workcamp stay and the festival in general.</p>
<p>ACCOMMODATION AND FOOD</p>	<p>Everyone should bring a minimum a sleeping bag and a pillow. We have new bamboo toothbrushes, toothpaste and shampoo available here. Please also bring appropriate working shoes and clothes both indoor and outdoor - the style does not matter.</p> <p>We recommend that you bring your own tent. We will try to get tents for everyone who wants one but we can't make promises before we know how many need one. From experience we know that some people might not want to stay in tents due to temperatures (normally ranges 10-25 degree celsius, with few days of heavy winds). Therefore, there will also be an option to borrow a mattress and sleep inside in a big room with others.</p> <p>We have washing machines, kitchen facilities, toilets and showers. We encourage everyone to swim at the beach located a few hundred meters away.</p> <p>Everyone will take part in cooking, according to a plan we decide on together, as part of the work you will do during your stay. During the festival, we will have food served three times a day (all vegan/ vegetarian). We all clean together.</p>
<p>LOCATION AND LEISURE</p>	<p>We are located by the sea (with our own sandy beach), in the countryside, but only five kilometres from Ebeltoft – a lovely small city known as a great tourist destination. In your spare time, we have many things to do or see, and you can borrow a bike to explore the surrounding area. Some days it might be possible to borrow a car to take a trip, maybe to see Mols National Park or Denmarks second-largest city, Aarhus (45 minutes away by car).</p>
<p>REMARKS (other information)</p>	<p>We are looking for people who are open-minded, social and self-motivated. We expect that you treat both nature and others with respect. CAMP NAME CODE	Summer on Youth Island MS10
CAMP TYPE	ENVIRONMENTAL AND CONSTRUCTION
DATES	<p>Days in total:</p> <p>Arrival: Date: 19.07.2020 Time: 16:00</p> <p>Departure: Date: 28.07.2020 Time: 13:45</p>
AGE GROUP	18 - 29
NUMBER OF VOLUNTEERS	15
VOLUNTEERS WITH DISABILITIES	We welcome volunteers with disabilities, but you might want to consider your safety, as the terrain on the Island is uneven and there are a lot of hills and inclines.
LOCATION	<p>You will be working and living on the island.</p> <p>The adress is Middelgrundfortet, 1433 København</p>
ORGANISATION	<p>Ungdomsøen (aka Youth Island) is an island located just a short ferry ride from Copenhagen - a historic youth project in the middle of the Øresund!</p> <p>Ungdomsøen will strengthen young people in their journey to become active, committed and curious citizens who take responsibility for each other, for their communities, and the development of our societies.</p> <p>The island is an old sea fortress full of places to hide and get lost. In 2015 it was acquired and donated to the danish scout</p>

movement. With major help from foundations and after 4 years of renovation, 130 million DKK and 70.000 hours of voluntary work, Ungdomsøen opened in August 2019 and is now ready to be invaded by the youth.

Ungdomsøen has an area of 50,000 m². Inside the island there is more than 16,000 m² and 1.8 km of underground pathways, so even though the island may seem small from the distance there is plenty of space for activities and expeditions.

Ungdomsøen has five dogmas. They have developed through conversations with thousands of young people to the opening.

Doing > learning:

This dogma is a counterweight to the focus on learning found in formal education systems. Experience creates learning.

Youth for youth:

An island by, for and together with young people. We have a unique organizational trust in young people's abilities.

Disturbance:

Ungdomsøen must challenge, interfere with existing thought patterns and provide new perspectives. We must challenge habits and traditions and do something outside what we usually do.

Outreach:

Many doors in, so everyone can join. The island must gather individuals – who do not naturally come together – into new communities.

Island and Country:

Ungdomsøen is not just something we play at. It will change and create cohesion beyond its physical borders. You do not have to be on the island to do Ungdomsø-activities.

The five dogmas set the direction for everything that happens on the island including the Summercamp, that you can join. Your main contacts will be 2 young volunteers, Anton and Nina.

	<p>As the island opened in August 2019, we haven't had a Work Camp like this before. But since 2015 we have had numerous building-camps/weekends. On these, we have cleaned out, painted, build shelters and made barbeque dinners while seeing the sun setting behind Copenhagens skyline.</p> <p>If you want to know more, check out: https://ungdomsoen.dk/</p>
<p>WORK</p>	<p>Ungdomsøen is open, but it is far from finished. On this camp, we continue already started projects, start some new ones and hopefully end most of them all.</p> <p>We will be building constructions like a floating sauna, an upcycled hot tub, upcycled flowerbeds, a pizza oven and perhaps much more. We will also be renovating parts of the old fortress, so the island can be even better for other youths to come and use. Thus, we can promise you lots of practical experience, knowledge of building techniques and space for unfolding your creativity.</p> <p>We do everything we can to build environmentally friendly using natural materials or upcycling used ones #LeaveNoTrace</p>
<p>ACCOMMODATION AND FOOD</p>	<p>Overall prepare yourself on spending lots of time outdoors enjoying the amazing view and breeze from the sea. In case of bad weather, we do have plenty of indoor spaces and facilities that we can use.</p> <p>We will be sleeping outside in tents. If you have a sleeping bag/mat or even a tent that you like, bring it along. If you don't have any of these, it's totally okay. Because we have plenty that you can borrow.</p> <p>There are lots of new restrooms and baths, we even have a washing machine.</p> <p>We will be cooking together in smaller teams in our communal kitchen. Do you have any allergies or preferences, just let us know before arrival? There will always be vegetarian and vegan options.</p> <p>2 times a week a small group of us swill sail to Copenhagen to do grocery shopping.</p>

	<p>Last, but not least, there is WIFI available.</p>
LOCATION AND LEISURE	<p>You are going to spend your off-time on the Island, thus we will be planning some social activities like kayaking, stand-up-paddleboarding, campfires, and day trips to Copenhagen.</p>
REMARKS (other information)	<p>Be aware, as we are on an Island the possibilities of leaving the camp to go shopping etc. after end work, are quite limited.</p> <p>Most of the work will be outside, on the island in the middle of the ocean where it can be windy, so bring cloth for both warm and cold weather.</p> <p>English will be the only language spoken. All participants must be willing to speak English, even though being from the same country or having troubles with the English language. Try your best!</p>
TTERMINAL	<p>Nearest airport: Copenhagen Airport</p> <p>The meeting point is Nyhavn 71, 1051 København (Close to Nyhavn metro station) at 16.00 on the 19th of July. VOLUNTEERS WITH DISABILITIES	For security reasons, we can unfortunately not have volunteers with hearing or sight disabilities. For other physical disabilities, it depends on whether the volunteer can do manual work for several hours since the work is about construction and is very physical.
LOCATION	<p>You will find Alive Festival in the town of Thisted, situated in the local park across Plantagehuset (Thisted's cultural centre).</p> <p>The exact address is: Plantagevej 18 7700 Thisted</p>
ORGANISATION	<p>Alive Festival is where excellent music meets locally produced beers and food in magnificent natural settings.</p> <p>The festival is a music festival set in a mix of urban and forest surroundings. The ambitious music line-up covers indie rock, pop, electro as well as world music with a strong focus on up-and-coming bands. The intimate settings guarantee a festival</p>

	<p>experience, unlike others. You will eat food locally produced in Thy and craft beers brewed at Thisted’s brewery, Thisted Bryghus.</p> <p>Nature meets culture, where Alive Festival each year is proud to announce new initiatives besides the festival. Previous years, guests and volunteers could enjoy Cold Hawaii’s surf school, a hike in the national park and visits to Thisted Bryghus.</p> <p>2020 is the 12th time Alive Festival will take place. Since 2009, the festival has developed from a small and locally known festival to an acclaimed festival welcoming 2300 guests and 550 volunteers.</p> <p>Read more about us on http://alivefestival.dk/</p>
<p>WORK</p>	<p>We need your help to build the festival and take it down, therefore you will work before and after the festival. The festival lasts from 30th July to 1st August where you will have the days off to enjoy it.</p> <p>You will be part of a team of volunteers building the festival. It is manual work and it will be an advantage with knowledge of tools, but it is not required.</p> <p>Your tasks will change from day to day, where you might help set up a stage one day, build a bar the next or carry fences. A team leader will instruct you on what to do.</p> <p>All volunteers on our production team meet at 10 am every day and work until 6 pm. Breakfast, lunch and dinner are provided on workdays. During the festival, you will be given three food vouchers each day, which you can use in our main food stand to get a meal.</p> <p>Our production team is unlike any other team in Alive Festival. Volunteers work together for a longer period and the spirit when building the festival is very cheery and exciting among the hard work. Many of our volunteers are returning each year to help set up the festival and they know everything there is to know about Thisted and Alive Festival.</p>

<p>ACCOMMODATION AND FOOD</p>	<p>Sleeping facilities: Volunteers bring their own tents, mattresses and sleeping bags. There will be toilets installed at the camping area and bath facilities, but it is also possible to use the bath and toilet in a building known as URT.</p> <p>We are currently looking for other accommodation possibilities and we hope to find another solution for the volunteers in 2020. But as it is now it will be in tents – true festival style!</p> <p>Kitchen + bathroom facilities: In URT we have a common room, where breakfast, lunch and dinner are served during the days you are working. In the evening, when all the work is done, you can stay in the common room if you want to play a board game or just to relax for a bit. Our kitchen facilities will be preoccupied as soon as we start building the festival, so it will not be possible to cook for yourselves. During the festival, the food will not be served, though you will receive food vouchers. Vegetarian food is available.</p>
<p>LOCATION AND LEISURE</p>	<p>Alive Festival is located in Thisted, a small town in an area known for its national park essential for long walks and exploration.
